TEACHERS' RETIREMENT BOARD

INVESTMENT COMMITTEE

SUBJECT: Update on State Legislation (Revised)	ITEM NUMBER: 7
	ATTACHMENT(S): 1
ACTION: X	MEETING DATE: June 7, 2000
INFORMATION:	PRESENTER: Ed Derman

SUMMARY

Staff has prepared the attached analysis and recommended position on the following measures for the Board's consideration:

Attachment	Bill Number	<u>Author</u>	Subject
1	AB 107	Knox	Tobacco divestment
2			Legislative Summary

Mr. Derman will provide an overview of the update on state legislation.

Assembly Bill 107 Assembly Member Knox (As amended 2/29/00)

Position: Oppose (Staff recommendation)

Proponents: CFT, CTA, UTLA

Opponents: None known

SUMMARY

AB 107 prohibits new or additional investments in tobacco companies by the California State Teachers' Retirement System (CalSTRS) and the California Public Employees Retirement System (CalPERS), on and after January 1, 2001 and requires a divestment of existing investments by July 1, 2002.

HISTORY

In 1997, two tobacco divestment bills, AB 1744 (Knox) and SB 1433 (Hayden), were introduced but failed passage.

CURRENT PRACTICE

CalSTRS passively and actively invests a portfolio valued at over \$100 billion. The portfolio is broadly diversified and ranges from publicly traded bonds to privately held partnerships. At the end of last fiscal year, CalSTRS' portfolio allocation across asset classes was 70 percent domestic and international equity, 25 percent domestic fixed income, and 5 percent private equity. Currently, CalSTRS does not adhere to any investment policy restricting the holding of equities in any particular industry or sector in its portfolio, such as tobacco.

DISCUSSION

As of December 31, 1999, CalSTRS held domestic and international equities in 22 companies that manufacture and distribute tobacco products, at a market value of \$319,270,861, or less than one half of one percent of equity holdings. The bill (1) prohibits *new* or *additional* investments by CalSTRS and CalPERS in tobacco companies on and after January 1, 2001 and (2) requires the divestment of existing investments by July 1, 2002.

AB 107 defines a tobacco company broadly as "... a business entity that makes more than 10 percent of their gross revenue from tobacco products or have more than 10 percent of their personnel or has more than 10 percent of its business activity in tobacco products." Such a definition could encompass the business activities of retailers, transportation companies,

chemical companies, flavoring companies, and advertisers resulting in a very long list of companies in the CalSTRS portfolio that would be targeted for divestment, with a market value exceeding the \$319 million for the 22 companies cited earlier.

As an investment sector, tobacco stocks have had mixed results during the past six years. At the April 2000 Investment Committee meeting, the Teachers' Retirement Board (Board) was informed by various consultants, including Pension Consulting Alliance, Inc., that tobacco divestment would not increase the overall risk of CalSTRS aggregate portfolio. However, the consultants could not determine what impact, if any, tobacco divestment would have on the future investment returns of CalSTRS' aggregate portfolio. As a result, the Board chose to address investments in tobacco in the context of larger investment policy issues: the benchmark the system uses to determine specific investments and the extent to which CalSTRS delegates investment portfolio decisions to external portfolio managers.

At the May 2000 Investment Committee meeting, the committee adopted a policy to modify the benchmark against which investments are measured. Under the policy, the benchmark will be modified when it is in the economic interest of the System do so, when a more cost efficient alternative is available or when an industry is exposed to economic risk. The indicators of significant economic risk would include product liability judgements, industry-wide bankruptcy filings and regulatory and/or legislative actions. At the June committee meeting, the committee will determine whether the current economic conditions of the tobacco industry warrant application of the new policy. If so, then CalSTRS will cease its passive investment in the tobacco industry.

As a result, the Board has developed a policy that address the issue raised by this bill. As that level of risk may change over time, it is more appropriate that all decisions be maintained by the Board, rather than enacted in statute, which would require additional legislative action to modify in response to changing conditions.

FISCAL IMPACT

<u>Benefit Program Costs</u> – While the performance of the investment portfolio impacts the benefits CalSTRS may offer its membership, AB 107 does not directly impact the benefit programs.

Administrative Costs – The divestment of equities in tobacco companies as broadly defined would increase financial risk and reduce diversification of the investment portfolio. According to the BARRA Tobacco Divestiture Study of April 5, 2000, the divestment of tobacco company holdings would result in substantial transaction costs as tobacco equities are sold and the proceeds reinvested in other companies. BARRA estimates the cost of selling US tobacco holdings and reinvesting the proceeds for CalSTRS U.S. tobacco holdings to be approximately \$3.164 million or 1.48 percent of CalSTRS U.S. tobacco holdings. For the international portfolio, the estimated costs of selling CalSTRS tobacco related holdings and reinvesting the proceeds was estimated at \$1.191 million, or 1.02 percent of CalSTRS tobacco holdings.

In addition to these direct transaction costs, the BARRA study also found that tobacco divestiture increases the total risk of the portfolio as well as the portfolio's risk relative to the S&P 500 benchmark. This increased risk is equal to approximately two basis points (.02 percent) or \$22 million in the current CalSTRS portfolio. Depending on the time period measured, this figure represents the potential gain or loss to the portfolio as a result of tobacco divestiture.

RECOMMENDATION

Oppose. The Board has developed a process to evaluate whether the economic risk associated with particular investments warrants excluding them from the system's investment benchmarks. Continued investment in tobacco will be considered in light of that process. Maintaining that authority with the Board, rather than being enacted in statute, would permit the system's investments to be more responsive to changes in the investment climate.

CALIFORNIA STATE TEACHERS' RETIREMENT SYSTEM

LEGISLATIVE SUMMARY – INVESTMENT COMMITTEE

1999-2000 Regular Session – May 22, 2000

BILL NO. >>> STATUS <<<<<<<<<<<<<

AB 107 AUTHOR: Assembly Member Knox

TITLE: Tobacco divestment

AMENDED: 2/29/00 LOCATION: Senate PE&R

BOARD POSITION: Oppose (Staff recommendation)

SUMMARY: Prohibits new or additional investments in tobacco companies by CalSTRS and CalPERS on and after January 1, 2001 and total divestment by July 1, 2002.

COSTS: Benefit program – None

Administrative – Pending

P – CFT, CTA, State Treasurer, UTLA

O – None Known

AB 2745 AUTHOR: Assembly Member Kaloogian

TITLE: Public retirement fund investments in national security

AMENDED: 5/15/00

LOCATION: Assembly PER&SS BOARD POSITION: Oppose*

SUMMARY: Requires CalSTRS and CalPERS to report on potential investments in foreign companies that pose a threat to national security.

COSTS: Benefit program – No impact

Administrative – Unknown, but potentially significant

P – None known

O – None known

CALIFORNIA STATE TEACHERS' RETIREMENT SYSTEM

LEGISLATIVE SUMMARY – INVESTMENT COMMITTEE

1999-2000 Regular Session – May 19, 2000

BILL NO. >>> STATUS <<<<<<<<<<<<

SB 1928 AUTHOR: Senator Haynes

TITLE: Capital Markets Task Force

AMENDED: 5/9/00

LOCATION: Senate PE&R BOARD POSITION: Oppose*

SUMMARY: Creates a task force to oversee and review investments by CalSTRS and CalPERS for purposes of identifying human rights, national security and other social concerns that could affect investment performance.

COSTS: Benefit program – None

Administrative - Unknown, but potentially significant costs to

support the task force.

P – None known

O – None known

SB 2122 AUTHOR: Senator Ortiz

TITLE: Joint Retirement System Investment Advisory Board

LOCATION: Senate PE&R

BOARD POSITION: Oppose (Staff recommendation)

SUMMARY: Creates advisory board through 2003 to make recommendations to CalSTRS and CalPERS on asset allocation and active versus passive investments and facilitate information-sharing among the two systems.

COSTS: Benefit program – None

Administrative – Undetermined costs.

P – None known

O – None known
